### **QUOTE OF THE DAY**

"I am an artist... I am here to live out loud." - Emile Zola

"The ability of writers to imagine what is not the self, to familiarize the strange and mystify the familiar, is the test of their power." - Toni Morrison

"Teachers are those who use themselves as bridges, over which they invite their students to cross; then having facilitated their crossing, joyfully collapse, encouraging them to create bridges of their own." - Nikos Kazantzakis

"Our uniqueness makes us special, makes perception valuable - but it can also make us lonely. This loneliness is different from being 'alone': You can be lonely even surrounded by people. The feeling I'm talking about stems from the sense that we can never fully share the truth of who we are. I experienced this acutely at an early age." - Amy Tan

"Art is the unceasing effort to compete with the beauty of flowers - and never succeeding." - Gian Carlo Menotti

"Art today can only be revolutionary, that is, it must aspire at the complete and radical reconstruction of society, even if for no other reason than to emancipate intellectual creation from the chains which obstruct it and to allow all mankind to rise to the heights that only geniuses could reach in the past." - André Breton

"No man ever steps in the same river twice, for it's not the same river and he's not the same man." - Heraclitus
